

Manufacturing Leader of Tube Assemblies and Machined Components

TUBE BENDING

PRECISION MACHINING

WELDING

ASSEMBLY

Materials:

Aluminum • Cobalt • Inconel • Plastics (Nylon, Delrin) • Stainless Steel • Steel • Titanium & Other specialty metals

Products / Capabilities:

CNC Machining:

[Lathe, Milling (5 axis), Swiss] Screw Machine, Deburring and In-house tool rooms

Tube Bending:

Simple to complex assemblies for fluid transfer systems (Fuel, Hydraulic and Pneumatic) Rigid Lines (including 1D bent tubes), End Forming (beading, flanging, flaring, double flaring, squaring, internal roll swaging, permaswage deutsch. fittings), Tube Cutting and Pressure Testing

Manual and Orbital TIG Welding:

Aluminum, Inconel, Stainless, and Titanium

Aerospace, Commercial and Defense Manufacturer
Certified AS9100D, ISO9001 and NADCAP for Welding
D-U-N-S #: 09-207-7098 - UE WJVSTLJNLH31 | Primary NAICS code: 332721
Others including: 332710, 332722, 332996, 332999, 336412
Certified Women-Owned Small Business

100 ROCKWELL ROAD NEWINGTON, CT 06111 | 860-667-8292
